PASCAGOULA (MISS.) CHRONI

March 1937

"From The SIDELINES"

(By William (Bill) Moncrief)

The dope was correct on the track and field meet held Friday night at the Pascagoula High School athletic field between the high schools of the county. It was a veritable walk away for Pascagoula's teams, they taking all but three first places in both boys and girls' events. The opposing teams, Moss Point and Ocean Springs, were left so far behind as to almost be completely out of the race. The Panthers piled up a three to one margin to humble the two other schools' contestants, the worst since the county meet has been instituted. Taking sixteen first places and numerous second and third places, they ran up a total of 112½ points to become undisputed champions of track and field in Jackson county. Ocean Springs was second with 32 points and Moss Point a close third with 30 1-3 points. The only three events in which Pascagoula failed to gain first place were the 100 yard dash which was won by DeAngelo of Moss Point, the high jump was taken by House of Ocean Springs, and the broad jump by Maxwell of Ocean Springs, all three boys' events, the girls' bringing in one hundred percent first places. The two opposing teams fought hard all the way but were no match for the red and blue tracksters, who appeared to be in excellent condition for the occasion, so they simply proceeded to run the rest of the participants ragged.

With the exception of Hildred Thomas, star miler of the Panthers, who was out with a side ailment, the entire squad reported to Coach Tom Wells at 7:30 o'clock and were assigned their events. The most spectacular event of the meet was exhibited by Leon Moates, Pascagoula's discus man, who established an unofficial state record with a toss of 134 feet 2 inches, bettering his last year's mark of 116 feet by 14 feet. The state official record for the discus stands at 124 feet. With luck on his side Moates will very

Two Old Creole Residents Die Within A Week

Joseph Xavier Barial, a prominent colored citizen of Pascagoula, died at his late home, 521 Henry street, on Tuesday, March 30, at 11:45 p. m., after an illness of three days.

Elizabeth Dario Barial, wife of the above, died six days later at the same home, on Monday, April [illegible] over four years.

The funeral of the former was held on Thursday, April 1, at nine o'clock a. m., from his late home, with Mass at St. Peter's Catholic Church, the pastor, Rev. J. E. McKee, officiating, who delivered a most beautiful and consoling funeral oration. The pall bearers were grandsons of deceased. Interment was in St. Peter's cemetery.

The funeral of Elizabeth Dario Barial was held on Wednesday morning, April 7, at nine o'clock with Mass at St. Peter's Church, Rev. J. E. McKee officiating, assisted by Father Vincent Warren of Mobile. The body was interred in St. Peter's cemetery, the pall bearers being grandsons, also, of deceased.

Both are survived by five daughters and three sons, as follows: Cecelia Joseph of East Side, Agnes Barial of Pascagoula, Mary Henderson and Ellen Lee of South Bend, Indiana, Victoria Dorsitt of Mobile and Thomas, Edward and Walter A. Barial of Pascagoula; also twenty-eight grandchildren, and sixteen great grandchildren.

Both were born in Mobile, Joseph Barial being 84 years and 5 months of age, and Elizabeth Barial 86 years and one month of age. They have lived in Pascagoula 65 years, where they have made honest, law-abiding citizens, and their bereaved relatives have the sympathies of many citizens, both white and colored, in their double bereavement.

Jim Crow Law Is Cause Of Half Hr. Delay Of Train No.

A negro trainer of the Mobile Brewers who was said to have been riding in the white cars of the Thursday was the cause of the train to be held up in Pascagoula for a half an hour Thursday. Gus Krebs, police commissioner of the city of Pascagoula was sent for and told the manager of the team [illegible] would have to move to the negro section of the train.

This caused quite an argument, it was said, and as a result the train was [illegible] from unofficial source it was said that the negro was riding the white day coach from Biloxi to Mobile where a special pullman was awaiting the team.

The negro finally voluntarily moved up to the section where he belonged and the train proceeded on its way. A white passenger on the coach objected to riding in the same coach with the negro who was said to be one of the trainers of the Brewers. It is presumed that the negro was given a berth in the special pullman along with the balance of the team when the team arrived in Mobile.

Negroes are not allowed to ride in day coaches in the South.

Some not in favor of the bonus will try to confuse the issue and we will not allow that."

A bonus bill could not be passed before the 1950 session of the state legislature, he said, and added in answer to a question that those veteran organizations that have declared themselves in favor of the bonus payment can help push the movement by joining with other organizations in favor of it, holding meetings, and keeping their representatives in the state legislature informed of their wishes. He also urged veterans to pay their poll tax to make themselves eligible to vote.

Also in answer to questions from the floor he said that some politicians on the higher level did not want the bonus and that, if necessary, veterans of the state will organize precinct by precinct. Several other questions and answers followed all dealing with phases of the mechanics of the proposed bonus, and on a call for a vote, the meeting unanimously expressed itself in favor of the payment of such a bonus.

It was also the concensus of the meeting that the maximum payment under such a bonus to any one individual veteran should be limited to between $400 and $500.

Wilbur G. Dees acted as master of ceremonies for the meeting which was closed with a short talk by Arnold W. Stone, commander of the Pascagoula VFW post.

ENGLAND NEEDS SCIENTISTS

STAFFORD, England —(AP)— Britain needs at least 200,000 scientific and technical workers — twice as many as it has now — says Dr. C. P. Snow, wartime director of scientific appointments for the government. Opening new electrical training laboratories at Staffordshire county technical college, he said that "the scarcity of scientists is a problem more vital than the shortage of raw material."

At present Dr. Snow is director of technical personnel for the English Electric Co. at Stafford. The company contributed $40,000 worth of equipment to the college and gives its apprentices time off to attend the school.
